

## VOICETHREAD RESEARCH

Students in 4<sup>th</sup> grade at Central participated in a group research project on Famous African Americans. The goal of this project was to not only learn more about exceptional people but also to gain the following experiences:

Collaborate with others in an effort to produce one final product

Use the technology web tool - [voicethread.com](http://voicethread.com) to communicate their knowledge

Use narration as a way to communicate

Match visual media with narration and text to tell a complete story

To view the final products of these students and to share feedback or additional information, please create a [voicethread.com](http://voicethread.com) account and then visit these links to participate in this collaborative project.
