

The Reading Strategy This Month is:

Visualizing

The symbol to help us remember is:

Big Sunglasses

Visualizing helps us create pictures in our minds and it makes us better at drawing conclusions.

Try this at home:

As your child reads a book have him/her ask the following:

- What did the character/setting/scene look like?
- Tell me what you see when you read this part.
- What details can help you create a mental picture?
